

Spare cards: Production Status

Last update: January 2014

Status meaning

PRODUCTION	The card is currently installed in GH's generators. Its production is guaranteed
SPARE PART	Current commercial generators do not use the card. However its production is guaranteed for the next 10 years from its latest production.
OBSOLETE	The GH's latest production of the card was 10 years ago (or longer). Please ask GH Technical Service Department about availability and price: customer.services@ghinduction.com An upgrade of your installation might be needed.

* This card needs of some preadjustments. Please allways indicate the serial Nr. of the installation.
